

ORANGE JUICE MACHINE

Automatic vending machine of freshly squeezed orange juice

LOADS OF VITAMINS, FRESHLY SQUEEZED!

ORANGE JUICE MACHINE

A 100% self-service vending machine that squeezes oranges 24 hours a day. Ideal for meeting the daily needs in vitamins. Your customers will enjoy a fresh and healthy break!

Squeezed orange juice is essential for your body to function properly. Rich in antioxidants (vitamin C, B6, A), it slows cell aging and protects from certain diseases. It is also a collagen booster and allows to refuel energy, all of this without additives.

Photo-Me Group offers a fresh orange juice dispenser, simple and quick to use. Plug-it in, place oranges and sell!

MODERN AND 100% SELF-SERVICE

- An orange juice vending machine, 100% self-service, easy to use, available 7/7 and 24/24.
- With its elegant and attractive design, this dispenser is ideal for modern and professional environments. It will attract the eye of passers-by.
- Oranges are squeezed right in front of you. You can see oranges and the juice extracting process through the glass window.
- Hermetic and hygienic sealing of glasses: a lid is heat-sealed.
- Manual straw dispenser.
- Accessible to disabled persons.

HYGIENIC AND ERGONOMIC

- Weather resistant. Possible to place it outdoors.
- 3G wireless web portal to keep track of the machine sales and performances.
- 22 inch LCD display with audio and video functions
- Refrigerated, it benefits from an integrated thermometer which allows to control the temperature (maintained between 8° and 10°C).
- Hygienic: 5 minutes washing cycles every 2 hours.
- 2 sets of pressing elements supplied (for easy cleaning).
- Facilitated waste disposal: recovery system in a 200 liter bag.
- Daily manual cleaning time : 15 minutes.
